Business

- JC from TurnIt In Software presented information on their writing platform. And the council members were able to ask questions.
- Carrie Rodgers Whitehead Presented on Digital Citizenship summer camps or intensives.
- Nate Justis - Math Intervention development program - progress report.
- Mid year MAP testing is being completed so numbers are still forthcoming.
- February 22nd is brought up as the next council meeting option before Nate and Leigha needed to take off.
- Matt Maw presents on his robots, Dash and Dot as a potential program to be implemented in the elementary program as an answer for a gap in STEM programming between lower elementary and upper elementary.
- Nate Justis needs to leave for other appointments.
- Matt Maw agrees to be on agenda for next month to report on staff's acceptance of implementation of Dash and Dot in the classroom.

- Tim Larrabee mentions a program that we could research further, DataWise from Harvard as something to be implemented at the school. Nate Justis has encouraged the staff to research it in anticipation of adoption.

Next Meeting: Tentatively Feb 22nd, 2018.

Motion: Tim Larrabee motioned to close the meeting

Second: Matt Maw

MEETING ADJOURNED AT APPROX. 7:30PM
