

Title I Parent and Family Engagement Policy

American International School of Utah (AISU) recognizes the importance of parent involvement in the overall success of our students. Parents partner with the school to help our students achieve academically. As a Title 1 Targeted Assistance School, we recognize the need to create and support a strong parent-school partnership.

AISU will involve parents in developing its LEA plan. Parents will be invited to participate in the development of the school plan at annual Title 1 planning meetings to be held at the beginning of the school year. Parents will suggest and formulate changes or updates to the Title 1 plan with the school administration. The final plan will be approved by the school board.

AISU will involve parents in the school review and improvement process. Achievement data will be shared with parents through newsletters, emails, and the school report card. (Please note: the school report card will be posted on the school website when available for all parents to access.) Parents are invited to give input regarding the academic goals of the school. The school will discuss the research based instructional practices used. Parents are also welcome to give direction in securing additional research based curriculum materials that align with academic goals.

AISU will provide coordination and technical assistance to promote quality parental involvement in school activities. Parents will also be included in school discussion about the effective use of resources. The school will encourage the involvement of the PTO and listen and process parent feedback.

AISU PTO is designed to be very inclusive. Students, parents, educators, businesses, and anyone that would like to help are invited. Invitations to participate will be sent out often throughout the year and posted on the website to help everyone feel like they can join, help, volunteer, and present ideas.

We highly encourage all parents to volunteer. Before any parent or community member is able to volunteer they must complete a background check. <https://aisu-volunteer.quickapp.pro/>

Volunteers must bring state issued identification to the main office when entering the building. This I.D. will be used by the office staff to confirm that we have a completed background check on file for you. Please arrive for your volunteer assignment with plenty of time to facilitate this process. Please contact the front office with any additional questions.
